

Visiting Instructor/ Visiting Research Assistant Professor Position: Lung stem cells and alveolar repair

A position with title of Instructor or Research Assistant Professor is available to study lung stem cells, alveolar epithelial repair and regeneration.

A position with title of Instructor or Research Assistant Professor is available to study lung stem cells and the mechanisms of lung alveolar epithelial repair. Projects include interactions between micro-environmental niche and epithelial progenitor/stem cells, intrinsic signaling in lung stem cells, cell fate determination during lung inflammation, injury and repair. Experience with mouse models, mouse genetics, tissue culture, histology, fluorescent cell sorting, confocal and fluorescence microscopy, RNA sequencing, stem cell biology, immunity and inflammatory signaling is desirable. Candidates should have at least 3-year experience in the relevant field, a record of high productivity, be able to independently design and carry out experiments. Salary will be competitive and related to experience. Send curriculum vitae, cover letter including research experience, career interest, and names and addresses of 3 references to Dr. Yuru Liu, Associate Professor, Department of Pharmacology, University of Illinois at Chicago, 835 S. Wolcott, E403, MSB, Chicago, IL 60612, USA.

University of Illinois faculty, staff and students are required to be fully vaccinated against COVID-19. This employment offer is contingent on your timely submission of proof of your vaccination. If you are not able to receive the vaccine for medical or religious reasons, you may seek approval for an exemption in accordance with applicable University processes.

As an EOE/AA employer, the University of Illinois encourages applications from individuals regardless of an applicant's race, color, religion, sex, gender identity, sexual orientation, national origin, and Veteran or disability status. The University of Illinois conducts background checks on all job candidates upon acceptance of contingent offer of employment. Background checks will be performed in compliance with the Fair Credit Reporting Act. The University of Illinois System requires candidates selected for hire to disclose any documented finding of sexual misconduct or sexual harassment and to authorize inquiries to current and former employers regarding findings of sexual misconduct or sexual harassment.
