

UNIVERSITY OF ILLINOIS AT CHICAGO, DEPARTMENT OF CHEMISTRY invites applications for a non-tenure-track Research Assistant Professor position in the area of computational chemistry effective August, 2019 pending budgetary approval. The successful candidate is expected to teach courses in general chemistry and direct the departmental computation facility. A Ph.D. in chemistry is required. For fullest consideration please submit an online application, including the names and email addresses of 3 references, and upload curriculum vitae, list of publications, and teaching statement at <https://jobs.uic.edu> by April 5, 2019. (click on the job board and then the position).

The University of Illinois at Chicago is an affirmative action/equal opportunity employer, dedicated to the goal of building a culturally diverse pluralistic faculty and staff committed to teaching in a multicultural environment. We strongly encourage applications from women, minorities, individuals with disabilities, and covered veterans. The University of Illinois may conduct background checks on all job candidates upon acceptance of a contingent offer. Background checks will be performed in compliance with the Fair Credit Reporting Act.
